- Enterprise Ireland Jobs - 5/8

National Planning Framework

Vision:

What sort of place should Ireland be in 2040
and what do we need to achieve this?

National Planning Framework

- Ireland as a place
- Place-based aspect to public
- Connecting goals to places
- Place Making
- Social Connectedness & Well Being
- Community Cohesion
- Quality of life offer through place making
- Qualitative place making – vibrancy of places and place based leadership
- Authenticity and potential of places are of immense value
- Place based characteristics matter more than ever

National Planning Framework

- Implementation programmes developed on a cross local authority basis within the Regional Assembly structure
- Strengthened legislative basis for local authority cooperation & planning
- Places must complement each other rather than compete

Where to Next?

- Local and Regional identity
- Firm commitment to cooperation
- Consistency with Athlone, Carlow, Drogheda
- Structured cooperation
- Agreed vision
- New Planning & Land Use Study (PLUTs)
- Joint Retail Strategy
- Service Delivery Plan for Waterford Environs
- Underpinned by legislation
